

SUKATHEESH SIVARAMAKRISHNAN

SOFTWARE DEVELOPER

5A, Drew Street, Auckland 1041 | +642904302996 | sukku31@gmail.com |

www.linkedin.com/in/sukatheesh-sivaramakrishnan

CAREER OBJECTIVE.

Motivated Software Developer / IT Graduate with hands-on experience in full-stack web development, API integration, database-driven applications and software support. Currently completing a Master of Information Sciences at Massey University, with practical experience in building scalable web solutions using React, TypeScript, NestJS, PostgreSQL, C#, .NET, JavaScript, HTML, and CSS. Developed a multi-tenant QR-based food court ordering platform as a Master's final project, demonstrating strengths in system design, frontend-backend integration, problem solving and software architecture. Strong team player with excellent attention to detail, adaptability, and a commitment to delivering reliable, high-quality technical solutions.

WORK EXPERIENCE

Massey University- Auckland, New Zealand

(Casual)

Teaching Assistant

May 2026 – Present

- Marked master's-level student assessments according to marking rubrics, reviewed technical submissions and provided clear feedback while ensuring fair and consistent grading.

Spices Galore Limited, T/AS Saravanaa Bhavan - CBD Auckland, New Zealand

(Part- time)

Food and Beverage Assistant

Oct 2025 – Present

- Assisted in food preparation, plating, and takeaway packaging.
- Served customers efficiently while maintaining hygiene and quality standards.
- Greeted customers warmly and ensured a positive dining experience.
- Took and managed customer orders using the systems.
- Coordinated with kitchen staff to ensure timely and accurate order delivery.
- Maintained cleanliness and organization in both service and preparation areas.
- Followed all food safety, hygiene, and health regulations consistently.

Private One-on-One Tutor - Auckland, New Zealand

(Part- time)

Programming Tutor

Aug 2025 – Oct 2025

- Tutored an AUT undergraduate student in C/C++ (COMP500) with a focus on core concepts and practical coding
- Provided one-on-one support tailored to individual learning needs
- Helped improve understanding of programming logic, debugging, and assignments

Auckland Grout Co. Grout and Glass restoration, New Zealand

(Part- time)

Door to door Sales Representative

Jul 2025 – Oct 2025

- Promoted grout and glass restoration services through direct door-to-door sales across Auckland suburbs.
- Built rapport with potential customers, answered service-related queries, and booked consultations.

- Maintained a confident, persuasive communication style to meet daily outreach goals and drive customer interest.

Nova Corp (Private) Limited, Sri Lanka

(Full-time)

Junior Software Developer

Sep 2023 – Nov 2024

- Develop integration modules for various third-party applications
- Develop and maintain web applications using .Net for the backend and Front-end (HTML, CSS, ASP.Net).
- Create and manage website pages and templates for Shopify using Shopify tools (Liquid, HTML and CSS)
- Maintenance of Shopify backend and admin (products, files, collections and orders)
- Liaise with external clients and engage with product managers to ensure timely delivery Assist with the testing and validation of software to ensure reliability and accuracy
- Attend regular project review meetings, project reporting and ad-hoc development meetings
- Coding & developing new functionalities & enhancements

Key technologies: .Net 6.0, C#, Asp.Net, Web Form, Shopify, Liquid, HTML, CSS, Javascript

EDUCATION

- Master of Information Sciences | Massey University, Auckland, New Zealand | Feb 2025-Present
- BSc (Hons) in Electronics and Telecommunication Engineering | Sri Lanka Technological Campus, Sri Lanka | Feb 2019- Nov 2023

PROJECTS

KiwiQDine – QR-Based Food Court Ordering and Notification System

(Massey University)

- Designed and developed a full-stack QR-based ordering platform for New Zealand food courts with separate portals for customers, restaurant staff and super-admin users.
- Built customer workflows including QR scanning, food court restaurant selection, menu browsing, cart handling, OTP verification and order placement.
- Developed restaurant-side features for menu management, categories, add-ons, staff administration and QR code management.
- Implemented super-admin features for tenant onboarding, restaurant management, subscription plans, invoice handling and SaaS-style administration.
- Designed a multi-tenant system architecture and relational database model using PostgreSQL to support restaurants, users, menus, orders, subscriptions and invoices.
- Applied frontend-backend integration using React, TypeScript, Redux Toolkit, Redux Saga, and NestJS to build a scalable web application.

Key technologies: React, TypeScript, Redux Toolkit, Redux Saga, NestJS, PostgreSQL, JavaScript, HTML, CSS, REST APIs

New Zealand Crime Tracker Web Application

(Massey University)

- Developed an interactive GIS-based crime data visualization platform using OpenLayers.
- Integrated spatial data services with GeoServer and PostGIS.
- Implemented map filtering, UI interactions, and real-time feature rendering using JavaScript.
- Used Agile development with weekly sprints and Git version control.

Key technologies: QGIS, JavaScript, HTML, CSS, GeoServer, PostGIS, OpenLayers, PostgreSQL

Voice-to-Sign Language Real-Time Translator

(Sri Lanka Technological Campus)

- Developed an Android app, Web app and a Desktop app that recognizes voice input and renders sign language.
- Integrated Firebase and real-time database functionality.
- Worked with UI gesture components and audio input processing modules.

Key technologies: Android Studio, Java, Firebase, Visual Code, Flutter, HTML, CSS, Python

Walking Robot

(Sri Lanka Technological Campus)

- Designed a Bluetooth-controlled robot using Arduino Nano and C Programming.
- Developed modules for movement, feedback LEDs, and wireless control.

Key technologies: C Programming, Arduino, Bluetooth

IoT-based Smart Pet Feeder

(Sri Lanka Technological Campus)

- Built an IoT-enabled feeder system controllable via Blynk app.
- Used Node MCU with ultrasonic and servo motor integration.

Key technologies: C Programming, IoT

Blood Bank Management System

(Sri Lanka Technological Campus)

- Built a full-stack database system in C# with MySQL for managing blood bank data.

Key technologies: C#, MySQL

ACHIEVEMENTS

Sri Lanka Technological Campus

- Special & Gold award - (Indonesia Inventors Day 2022) in Voice to sign language real-time speech recognition and translator project
- 3rd place in CODEMANIA - (Inter campus competition 2019)
- AWS Academy Graduate – AWS Academy Cloud Foundations (2023)

SKILLS

Technical Skills:

- **Programming Languages:** C, C++, C#, JavaScript, TypeScript, Python (basic/intermediate)
- **Frontend Development:** React, HTML, CSS, ASP.NET Web Forms
- **Backend Development:** NestJS, .NET / ASP.NET, REST APIs
- **State Management:** Redux Toolkit, Redux Saga
- **Databases:** PostgreSQL, MySQL, Firebase
- **Tools & Platforms:** Git, GitHub, Visual Studio, Visual Studio Code, Azure DevOps
- **GIS / Spatial Tools:** QGIS, GeoServer, OpenLayers, PostGIS

Soft Skills:

- Collaborative team player
- Curious and fast learner
- Strong attention to detail
- Excellent problem-solving
- Open to mentorship and feedback
- Time management
- Multitasking ability
- Critical and analytical thinking
- Positive and proactive attitude
- Creative and solution-oriented mindset
- Strong work ethic and commitment to deadlines

- **Other Technologies:** Shopify (Liquid), AWS Academy Cloud Foundations
- **Operating Systems:** Windows, Linux, Android development environment

LANGUAGES

- English: Native or Bilingual
- Tamil: Native or Bilingual
- Sinhala: Professional Working Proficiency

EXTRA-CURRICULAR ACTIVITIES

- Participated in athletics, badminton, cricket and football team at S. Thomas Preparatory School, serving as Football Team Captain and School Prefect in 2015, and was an active member of the Speech & Drama Club.
- A member of IEEE (2019–2023) and the Gavel Club (2020–2022), affiliated with Toastmasters International, at Sri Lanka Technological Campus.
- Vocalist, violinist and South Indian Classical Percussionist.
- Player of ERDCC ATCC Senior Grade One day minor Championship 3B, New Zealand and Player of TNPL Cricket League New Zealand.
